

TECHNICIAN POSITION

Agrotecnio is committed to a diverse and inclusive work environment. Employment is assessed on the basis of qualifications, competence, integrity and organizational needs, in accordance with the HRS4R certification requirements. Women are strongly encouraged to apply.

Clear and precise description of the activity

This part-time contract is for executing soil science laboratory tasks and experiments in the context of the Agrotecnio interdisciplinary project, sOLIVES. Briefly, the project aims to understand changes in soil health with regenerative practices on olive orchards in Lleida province Catalonia. The employee will be charged with carrying out physico-chemical analyses of soils in the laboratories of Agrotecnio.

Place description

Agrotecnio- Universitat de Lleida
Campus Agroalimentari, Forestal i Veterinari
Avinguda Alcalde Rovira Roure, 191. 25198 Lleida

Profile, requirements and merits duly accredited.

The ideal candidate may be 1) a Masters student of a relevant field (soil science, forestry, agronomic sciences), whereas the results can serve as the basis for a Master's project – effectively, the Master's project would be a paid internship. Alternatively, 2) the candidate may be in the 3rd or 4th year of the agronomic or forestry sciences. In all cases, experience and interest in laboratory tasks is highly desired. This will be a criterion for selection.

Number of positions.

Expected duration.

Initial contract of 3 months 24 days (from September 7th 2026 to December 31st 2026), with possibility of extension into 2027.

Weekly hours.

12 h/week

Gross amount

580 €/month

Name of the responsible researcher.

Evan Marks

Deadline.

29/07/2026

Place to present.

Secretary of Agrotecnio (administration@agrotecnio.udl.cat)

Composition of the evaluation committee.

President: Josu Alday

Secretary: Evan Marks

Voice: Aida Bargués Tobella

Instructions for presentation of candidacy

No specific merits are required, however, if already obtained, a digital copy of the Bachelor's degree should be presented in the application package.

Application package consists of a single digital file (PDF) containing:

- CV of maximum 2 pages detailing academic and professional experience
- Separate (maximum 1 page) statement of interest in the position, describing most relevant experience, and expression of intention (or not) to exploit the results obtained in an academic course at the UdL (e.g. final degree project, Master's project).
- Any relevant academic degrees (digital copy)

Evaluation will be based on:

- Academic background relevant to soil science, forestry, agronomy, or related disciplines.
- Motivation and interest in the position and the proposed research activities.
- Laboratory experience and aptitude, or demonstrated interest in laboratory work.
- Overall suitability and potential, considering academic achievements, relevant experience, and practical skills.
- Intention to develop the obtained results into a Bachelor's or Master's thesis/project at the University of Lleida (desirable, but not required).

Place where the resolution will be published

Agrotecnio website (<https://agrotecnio.org/careers-job-offers/>)

If you require further information on matters relating to the call please contact:

evan.marks@agrotecnio.udl.cat

The contractual modality is of indefinite duration, with specific clauses linked to the financing of the project in accordance with art. 49 1.b) and art. and 52.e) of Royal Legislative Decree 2/2015, of October 23, whereby the revised text of the Workers' Statute Law is approved.

This position will be funded with the project sOLIVES of Agrotecnio funding.

Please if you are interested in the position send a CV and one recommendation letter to the mail: administration@agrotecnio.udl.cat

Foot note: Appeals against outcome of the administrative selection process may be directed to the Director/Acting director of the Center within one month outcome of the selection process.

Lleida, 3rd July, 2026

Evan Marks
