

Call Resolution

Following the open call for Technician in line with research activities of the center Agrotecnio published on the 10th May 2022, the responsible researcher decided on May 26th, 2022 in Lleida and evaluated the profiles of the applicants. After due consideration the committee selected:

ALEX ROSET CRISTOBAL

For the described work “Because of the seasonality of the work involving the availability of rice embryos during the summer months we require a technician to carry out: the preparation of different media for rice and corn tissue culture, the isolation of rice and corn embryos, rice and corn tissue culture up to plant regeneration and transferring to soil. Sample collection, enzymatic assays and DNA extraction”

The contract will be from June 1st 2022 to Aug 31st, 2022.

Foot note: Appeals against the outcome of the evaluation and selection process may be directed to the center within one month from the outcome of the call.
