

Call Resolution

Following the open call for two Technicians in line with research activities of the center Agrotecnio published on the 27th May 2022, the responsible researcher decided on 10th June, 2022 in Lleida and evaluated the profiles of the applicants. After due consideration the committee selected:

-LAURA LÓPEZ BUENACASA (8-14 SHIFT)

-JESSICA MARITZA TIGASI OÑA (14-20 SHIFT)

For the described work “Because of the seasonality of the work involving the availability of maize embryos during the summer months we require a technician to carry out: the preparation of different media for corn tissue culture, the isolation of corn embryos, and corn tissue culture up to plant regeneration and transferring to soil. Sample collection, enzymatic assays and DNA extraction.”

The contract will be from June 9th 2022 to September 12th, 2022.

Foot note: Appeals against the outcome of the evaluation and selection process may be directed to the center within one month from the outcome of the call.
