

Call Resolution

Following the open call for one Technician in line with research activities of the center Agrotecnio published on the 21st November 2022, the responsible researcher decided on 2ndDecember, 2022 in Lleida and evaluated the profiles of the applicants. After due consideration the committee selected:

- SHEILA JUÁREZ

For the described work “After involving the availability of maize embryos during the summer months we require a technician to carry out urgently: the preparation of different media for corn tissue culture, the isolation of corn embryos, and corn tissue culture up to plant regeneration and transferring to soil. Sample collection, enzymatic assays and DNA extraction.”

The contract will be from December 5th 2022 to April 4th, 2023.

Foot note: Appeals against the outcome of the evaluation and selection process may be directed to the center within one month from the outcome of the call.

Lleida, 5th Decemberr 2022

Director of Agrotecnio

Ignacio Romagosa
