

TECHNICIAN

Agrotecnio is committed to a diverse and inclusive work environment. Employment is assessed on the basis of qualifications, competence, integrity and organizational needs, in accordance with the HRS4R certification requirements. Women are strongly encouraged to apply.

Following the open calls for technician in line with research activities of the center Agrotecnio published on the 9th October 2024, the responsible researcher decided on October 30th, 2024 in Lleida and evaluated the profiles of the applicants. After due consideration the committee selected:

-Belen Bainotti

Candidate in Hold:

-Lucia López

For the described work "The hired technician will work in a microbiology laboratory for the Mycohelps DACC Project. His/her activities will focus on assisting in the research studies carried out in the laboratory, including material and media preparation, inoculum preparation and sample inoculation, the determination of microbial population in samples, bacteria characterization as plant growth promoting agent, and equipment calibration. ."

The contract will be from November 1st 2024 to December 19th, 2024.

This contract is funded by" the activitats de demostració de transferència de coneixements (intervenció 7201), en el marc del pla estratègic de la PAC 2023-2027,corresponents a la convocatòria 2023"

Foot note: Appeals against the outcome of the evaluation and selection process may be directed to the center within one month from the outcome of the call.

Lleida, October 30th 2024

Jose Antonio Bonet
Director
