

TECHNICIAN

Agrotecnio is committed to a diverse and inclusive work environment. Employment is assessed on the basis of qualifications, competence, integrity and organizational needs, in accordance with the HRS4R certification requirements. Women are strongly encouraged to apply.

Following the open calls for technician in line with research activities of the center Agrotecnio published on the 2nd October 2024, the responsible researcher decided on October 31st, 2024 in Lleida and evaluated the profiles of the applicants. After due consideration the committee selected:

-Ijaz Haq

Candidate in Hold:

-Guillem Cortiada

For the described work " The task to be developed turn around the analysis of feeding data recorded by feeding robots installed in the Centre d'Estudis Porcins (Torrelameu, Lleida). The data analysis to be done by the candidate will involve statistical and artificial intelligence methodologies. The goal is to improve feeding efficiency showing the benefits of the digitization in fattening farms."

The contract will be from December 1st 2024 to November 30th, 2025.

This contract is funded by" the activitats de demostració de transferència de coneixements (intervenció 7201), en el marc del pla estratègic de la PAC 2023-2027,corresponents a la convocatòria 2023"

Foot note: Appeals against the outcome of the evaluation and selection process may be directed to the center within one month from the outcome of the call.

Lleida, November 4th 2024

Jose Antonio Bonet
Director
