

Technician Positions

Agrotecnio is committed to a diverse and inclusive work environment. Employment is assessed on the basis of qualifications, competence, integrity and organizational needs, in accordance with the HRS4R certification requirements. Women are strongly encouraged to apply.

Following the open call for technician in line with research activities of the center Agrotecnio published on the 3rd February 2025, the responsible researcher decided on 4th March 2025 in Lleida and evaluated the profiles of the applicants. After due consideration the committee selected:

- Marc Felip

For the described work “The field of research is the prototyping and transfer to the sector of a mobile application for the measurement of fruits in the field. The technician will support different objectives and activities of the project, such as, among others, the assessment of the accuracy of the application, the disclosure and dissemination of the application (participation in the writing of articles, documentation or other tasks) and/or neural network retraining.”

The contract will be from April 1st 2025 to September 30th, 2025.

Foot note: Appeals against the outcome of the evaluation and selection process may be directed to the center within one month from the outcome of the call.

Lleida, 4th March 2025

Jose Antonio Bonet
Director
