

Technician Position

Agrotecnio is committed to a diverse and inclusive work environment. Employment is assessed on the basis of qualifications, competence, integrity and organizational needs, in accordance with the HRS4R certification requirements. Women are strongly encouraged to apply.

Following the open call for technician in line with research activities of the center Agrotecnio published on the 7th February 2025, the responsible researcher decided on 14th March, 2025 in Lleida and evaluated the profiles of the applicants. After due consideration the committee selected:

- Raúl Jimenez

Candidate in Hold:

-Cristina Benavente

For the described work “Monitoring pest and disease in efficacy trials in vineyards. Contribution to evaluation for the efficacy of mating disruption methods to control *Lobesia botrana*. Contribution to measuring environmental impact and effectiveness of spraying techniques (ground and aerial). Essentially, the activity will be carried out in Raimat (Lleida) and occasionally in Penedès and Priorat DO areas.”

The contract will be from April 21st 2025 to April 30th, 2026.

Foot note: Appeals against the outcome of the evaluation and selection process may be directed to the center within one month from the outcome of the call.

Lleida, 17th March 2025

Jose Antonio Bonet
Director
