

## Technician Position

*Agrotecnio is committed to a diverse and inclusive work environment. Employment is assessed on the basis of qualifications, competence, integrity and organizational needs, in accordance with the HRS4R certification requirements. Women are strongly encouraged to apply.*

Following the open call for technician in line with research activities of the center Agrotecnio published on the 28<sup>th</sup> November 2025, the responsible researcher decided on 19<sup>th</sup> December 2025 in Lleida and evaluated the profiles of the applicants. After due consideration decided to select:

-Miren Salvoch

*For the described work “Agrotecnio’s project P16070 on remote sensing of agroecosystems is looking for a research technician. The role involves analyzing samples in the laboratory and developing remote sensing-based tools and methods for agroecosystem monitoring with an especial focus on agricultural sustainability and land use change.”*

The contract will be from January 12th 2026 to March 11th 2026.

**Foot note: Appeals against the outcome of the evaluation and selection process may be directed to the center within one month from the outcome of the call.**

Lleida, 19<sup>th</sup> December 2025

Jose Antonio Bonet  
Director
