

Technician Position

Agrotecnio is committed to a diverse and inclusive work environment. Employment is assessed on the basis of qualifications, competence, integrity and organizational needs, in accordance with the HRS4R certification requirements. Women are strongly encouraged to apply.

Following the open call for technician in line with research activities of the center Agrotecnio published on the 25th February 2026, the responsible researcher decided on 13th March 2026 in Lleida and evaluated the profiles of the applicants. After due consideration the committee selected:

-Victor Hugo Jimenez

For the described work “The candidate has demonstrated more the six year’s experience in working with genetically engineered and genome edited cereal plants, specifically corn and rice in greenhouse and controlled-environment facilities as demonstrated in his CV. He also has demonstrated experience in biosafety and containment procedures for GM/GE material. He also has experience in corn and rice GM/GE field trials.”

The contract will be from April 1st 2026 to December 31st 2026.

Foot note: Appeals against the outcome of the evaluation and selection process may be directed to the center within one month from the outcome of the call.

Lleida, 13th March 2026

Jose Antonio Bonet
Director
