

## Technician Position

*Agrotecnio is committed to a diverse and inclusive work environment. Employment is assessed on the basis of qualifications, competence, integrity and organizational needs, in accordance with the HRS4R certification requirements. Women are strongly encouraged to apply.*

Following the open call for technician in line with research activities of the center Agrotecnio published on the 12th May 2025, the responsible researcher decided on 29th May, 2025 in Lleida and evaluated the profiles of the applicants. After due consideration, "The candidate selected adequately meets the requirements and merits of the call and, at the same time, has greater experience in research tasks". Finally the committee selected:

### **- Alba Amoròs**

For the described work "Under the coordination of the responsible researcher, Adrià Gil Mestres, the technician will be in charge of carrying out optimisations and characterisations of the DNA based structures by means of Quantum Mechanics and docking calculations. The technician will also perform bibliography research and writing of reports. The technician will be in charge of permanent contact with collaborating producers and the logistics necessary for the smooth development of the activities."

The contract will be from June 1<sup>st</sup> 2026 to July 15th, 2026.

**Foot note: Appeals against the outcome of the evaluation and selection process may be directed to the center within one month from the outcome of the call.**

Lleida, 29th May 2025

Jose Antonio Bonet  
Director
