

Technician Position

Agrotecnio is committed to a diverse and inclusive work environment. Employment is assessed on the basis of qualifications, competence, integrity and organizational needs, in accordance with the HRS4R certification requirements. Women are strongly encouraged to apply.

Following the open call for technician in line with research activities of the center Agrotecnio, published on the 3rd July 2026, and following the evaluation of received applications and interviews, after due consideration, on the 6th of August 2026 the committee selected:

- Queralt Farrés Torres

Candidate(s) in hold:

- **Bernat Solsona**
- **Kerly Lizbeth Cerna Arteaga**
- **Chayma Boulal**

For the described work of “a part-time contract for executing soil science laboratory tasks and experiments in the context of the Agrotecnio interdisciplinary project, sOLIVES, to understand changes in soil health with regenerative practices on olive orchards in Lleida province Catalonia. The employee will be charged with carrying out physico-chemical analyses of soils in the laboratories of Agrotecnio.”

The contract will be from 7th September 2026 to 31st December 2026.

Foot note: Appeals against the outcome of the evaluation and selection process may be directed to the center within one month from the outcome of the call.

Lleida, 7th August 2026
